RE: Petition for Rulemaking to Change the Distribution Methodology for Shared Local Number Portability and Thousands-Block Number Pooling Costs, RM-11299

Dear Ms. Dortch:

Pursuant to Section 1.1206 of the Commission's rules, COMPTEL hereby gives notice that on April 23, 2007, Lisa Youngers from XO Communications, Sara Cole from TDS Metrocoin (by phone), Don Shephard from Time Warner Telecom (by phone), and the undersigned spoke with Albert Lewis, Deena Shetler, Margaret Dailey and Jay Atkinson of the Wireline Competition Bureau's Pricing Division regarding the above-referenced matter.

In the meeting, COMPTEL stressed that the Commission should not revise its cost-allocation method for the NPAC database, as suggested by either the petitioner or Verizon, and that if it were to consider such a change – for any transactions made through the NPAC – it would need to initiate a rulemaking proceeding.

Additionally, XO brought to the Commission's attention that, currently, there is no CLEC representation on the Limited Liability Corporation ("LLC"), the entity that administers the Master Agreement for the operation of the NPAC.

Please do not hesitate to contact **me** if you have any questions.

Sincerely,

/s/ Karen Reidy
Vice President, Regulatory Affairs
